

# ABOUT POPA

POPA is the only organization in the world dedicated solely to enhancing the Pilatus ownership experience.

POPA maintains direct lines of communication with the experts that built and maintain your aircraft. Representatives from Pilatus and the Authorized Pilatus Centers serve as advisors to POPA's Board of Directors, offering industry insight, guidance and support to our organization.

At POPA we work hard to make sure the value of your membership compliments the value of your Pilatus.
